MORRISON SNAPSHOTS

Butte County Farm Bureau’s Young Farmers and Ranchers’ Annual Sporting Clay Shoot was held in March in Corning, CA. Morrison sponsored a team; photographed above (from left to right) is Tim Peters and Jesse Converse of Morrison & Company, Brendon Flynn of Pacific Farms & Orchards, George Nicolaus and Rory Crowley of Nicolaus Nut, and Dustin Coughlin of Hart Farms. (Photo Credit: Butte Young Farmers & Ranchers.)

2017 California Specialty Crop Block Grant Reviews were held in Sacramento, CA. This year, Founder & Principal Brent Morrison (far left) served on one of the technical review committees for CDFA’s Specialty Crop Block Grant Program. The program is unique in that reviewers are public volunteers, led by CDFA staff. Morrison has had team members serve as reviewers for grant programs in the past (we never review our own proposals!) and each year we learn more valuable information about the grant review process and the great work of others in the industry.

It’s the Season for Conferences and Special Events and we sent our team to several to connect with others. From left to right is: 1) a Morrison table at Butte County Farm Bureau’s Centennial Gala at Gold Country Casino in Oroville, CA; 2) Guest Speaker Ben Saunders—Endurance Athlete and Polar Explorer at CoBank’s Pacific West Customer Meeting and Agricultural Council of California’s Annual Meeting in Carlsbad, CA; 3) the Morrison team at this year’s California Center for Cooperative Development Conference on Agricultural Cooperative Directors and Executives Leadership Training in Sacramento, CA; 4) Principal Toni Scott with the award recipients at the Chico Chamber of Commerce’s Annual Dinner & Business Awards Ceremony (Photo Credit: MC2 Design Group); and 5) the team at California FFA Blue and Gold Gala in Galt, CA where guest speaker Mike Rowe from Dirty Jobs stole the show!
