

MORRISON SNAPSHOTS

CHICO HEAT BASEBALL!

We enjoyed a great family night out at a Chico Heat Game, complete with a Dizzy Bat competition between Toni Scott & Jovanni Tricerri. TONI WON.

TEAM LUNCH

With our busy schedules serving clients, it's not often that our team is under one roof. We are grateful to Dan Cummings and Capay Farms for providing lunch through Chico Catering Company. We cherish any opportunity to bring our team together.

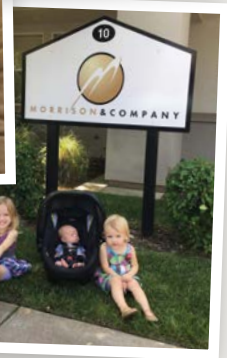

PICKING PEACHES ON THE FARM

Some of the gals of Morrison had a great time bonding in the peach orchards of the Chico State University Farm. Every year the farm opens their doors to the public to pick peaches. To learn more about the farm visit their website at: www.csuchico.edu/ag/university-farm/index.shtml

CELEBRATING WITH GORRILL RANCH

Morrison & Company was honored to celebrate Gorrill Ranch's 100 year milestone. Please see page 4 for more on Gorrill's history and operations.

WELCOME WELLINGTON CONRAD PETERS!

Morrison's Tim Peters and wife Jaime welcomed little Wellington to the world in the beginning of July. We are thrilled to add another member to our Morrison & Company family. Congrats Tim & Jaime!

BOYS & GIRLS CLUB SNACK PREP

The Morrison team volunteered to prepare a snack for the Boys & Girls Club of the North Valley. We had two production lines and a competition between Strawberry and Grape PB&J sandwiches (the jury is still out on who won). We made just over 150 sandwiches for the kids in the program. If your company is looking for a team volunteering project, please consider your local Boys & Girls Club.
