

## GETTING TO KNOW MAYRA PRICE

Mayra Price serves Morrison clients with bookkeeping and back office services including monthly financial statements, accounts receivable and billings, accounts payable and preparation of payments, payroll and related reporting, account reconciliations, and related support and services.

Mayra started her career with a privately owned bookkeeping firm, where she assisted clients with bookkeeping services including accounts payable and receivable, account reconciliations, payroll processing, quarterly and monthly tax returns, and operating and business taxes. While there, she worked in a variety of industries, with a focus on small business and businesses with multiple legal entities.

Mayra holds an Associate's degree in accounting and Tax Preparer and Accounting/Payroll Clerk certifications from Butte Community College. Mayra is bilingual, speaking English and Spanish fluently.

### Q&A WITH MAYRA

#### WHAT'S THE WEIRDEST FOOD YOU'VE EVER EATEN?

I think I was more adventurous with food when I was a kid than am I now. Or maybe I just didn't ask questions and ate whatever my mom told me to eat. Either way, I remember eating Menudo almost every weekend growing up and it was one of my favorites things. Menudo is a traditional Mexican soup made with cow's stomach in broth with a red chili pepper base. As I got older, I was more and more grossed out by the cow stomach texture so I haven't eaten it in years.

#### WHAT MOTIVATES YOU?

Honestly, my kids motivate me more than anything. I love taking them to new places and doing new things with them. When I was a kid we rarely took family trips so a lot of the things my kids experience for the first time, I also experience for the first time and that is such a cool feeling.

#### WHAT DO YOU LOVE MOST ABOUT MORRISON?

I really love the culture in the Morrison office. The level of trust that Brent has in the team as a whole is something I have never experienced in a workplace before. Everyone has something different to bring to the table and they are there to help each other out whether you're in the same service line or not. The best part though, is everyone's sense of humor meshes together so well! There's always something to laugh about, especially if it involves a Brent story.

#### WHAT DO YOU DO FOR FUN?

I am the happiest when I am cooking for big family gatherings. I love to cook! My dream has always been to open my own catering company one day. My daughters also enjoy cooking and baking so when all three of us are in the kitchen, it is definitely a fun time. Cooking and traveling have to be my two favorite things to do for fun. We love to travel as a family any chance we get. The pandemic has made it a little more challenging to travel, but we have tried to take small trips and try new things locally. Going to baseball and football games is what we all miss the most during the pandemic. Go Giants! Go Niners!

#### WHAT'S YOUR FAVORITE MOVIE AND WHY?

This is a tough question. One of the things we like to do as a family is having weekly movie nights! I recently watched the entire Star Wars movie series and I finally understand all the hype. I really enjoyed the entire story line and all the characters; C3PO has to be my favorite. I also really love watching movies that are nostalgic like My Girl, Home Alone, Jumanji, Space Jam, Hook, and Mrs. Doubtfire; those are all my favorite movies.
