

MORRISON SNAPSHOTS

CLIMATE-SMART CLIENTS

Pictured with Elevated Foods CEO Steve Brazeel (left) and USDA Undersecretary Robert Bonnie (right), Managing Principal, Toni Scott, joined our client Elevated Foods to celebrate the announcement of their \$20 million grant award. Toni and the Morrison team worked with several clients to submit applications under the USDA Climate Smart Partnerships Program. A total of \$170 million has been awarded to Morrison clients thus far, with further announcements pending. Great job to the Morrison team, and congratulations to Elevated Foods. We can't wait to see your project unfold!

ROTARY PRESENTS ANA KLEIN

Morrison Principal, Ana Klein, presented to Chico Noon Rotary on her life and career with Sunsweet. Leading up from her upbringing as the daughter of farm workers, Ana became the youngest and first female CFO in Sunsweet history and later oversaw Sunsweet's Chilean operations. We're thrilled to have Ana as our principal overseeing the Business & Accounting Advisory practice line, and are so grateful for her leadership and vision at Morrison.

SPITFIRE GRILL

Morrison's very own Regan Penning put on a great show at the Chico Theater Company as Shelby, the kind and generous friend who helps out in the musical "Spitfire Grill." To support Regan, the team showed up in full force to cheer Regan on during her spectacular performance. She acts, she sings, she writes grants, what can't she do? Great job Regan, we loved your show!

TEE UP AT TOPGOLF!

The Morrison team loves to celebrate together, especially when it comes to birthdays. Celebrating all our June birthday babies, the team headed to TopGolf, where we enjoyed a bit of friendly competition and pranked Toni with our Hawaiian shirts (ask her how she feels about Hawaiian shirts). Happy birthday to Mayra, Daniel, Ann, and Michelle!
