Morrison & Company Tidbits

- Geoff, Tim, and Brent all had a fantastic time at the National Society for Accountants for Cooperatives Far Western Chapter Annual Meeting in South Lake Tahoe in May. The conference offered a chance to catch up with industry executives and provided continued education in tax, accounting, and finance principles that help us better serve our clients.

- Brent and Geoff had the opportunity to share in a remarkable farm-to-table dinner held at Lundberg Family Farms in Richvale with many of our clients. The "Outstanding in the Field" event featured a gourmet menu by Michael Thiemann from Ella Dining Room and Bar in Sacramento and offered the chance to eat dinner in the middle of a rice field. Geoff and his wife Joelle even had the chance to feel what it's like to be barefoot and knee deep in California rice country!

- Principals Brent Morrison and Geoff Chinnock participated in the Agricultural Council of California's June 2012 Legislative Day. The day included meeting with legislators and legislative staff regarding issues impacting California businesses. Morrison & Company is an allied member of the Agricultural Council.

The gorgeous table at dinner
