SONOMA COUNTY WINEGROWERS PARTNERS WITH FORD

Sonoma County Winegrowers has partnered with Ford Motor Company to launch their "Farm of the Future" Initiative. Pursuing sustainable practices in all areas of farming in Sonoma County, Sonoma County Winegrowers President Karissa Kruse sought out Ford after they announced the introduction of a new electric truck. Together they have launched their initiative and are working with select farms to pilot an electric vehicle program to track and reduce greenhouse gas emissions. Morrison is thrilled for Sonoma County Winegrowers and their new found partnership with Ford and we are excited to see the success that comes from this initiative.

Hailed as the garlic capital of the United States, Fresno grows 77 percent of all garlic grown in the nation. Morrison is grateful to have worked with National Food Festivals and we are delighted to see the amazing success the festival brought to the garlic industry.
