MORRISON CELEBRATES TWENTY YEARS

Surrounded by clients and colleagues who have supported us for the past twenty years, the Morrison team was honored to celebrate our 20th anniversary in June and commemorate two successful decades in business.

Sharing in appetizers and cocktails featuring our beloved clients—including among others Blue Diamond Growers, Stepladder Creamery, Five Marys Farms, Almendra Winery and Distillery, and Mooney Farms—more than 150 guests joined our team to recount highlights of the past 20 years and to look forward to the future of the company.

Founder and Principal Brent Morrison, Morrison Managing Principal Toni Scott, and Morrison Principal Ana Klein shared memories of Morrison's client engagements, with special thanks to Sunsweet Growers Inc. for being a client who has been with us since day one! The team also recognized the incredible growth of Morrison the last several years (now boasting 16 team members and counting!) and shared the company's plans for the future, which includes a new 5,000+ square foot office space to accommodate our growing team and clientele (pictured above).

One of the most enjoyable points of the celebration was surprising Brent with a video featuring friends and colleagues that have been an important part of the Morrison journey. Among others, Karen Ross, California Department of Food and Agriculture Secretary of Agriculture; Karissa Kruse, President of the Sonoma County Winegrowers; and Gabe Olmos, President of Ventura Pacific Company, shared the impact Morrison has had on the organizations it serves (see photo at the bottom left).

Morrison was also recognized at the event by Congressman Doug LaMalfa's Office, California Assemblymember James Gallagher's Office, and California State Senator Jim Nielsen's office.

The entire Morrison team is overjoyed to have shared in this incredible milestone for the business and we look forward to what the next two decades may hold for our firm!
