GROWTH, EXPANSION, AND GRANT AWARDS

Country Butcher was recently awarded \$500,000 through the United States Department of Agriculture's (USDA) Local Food Promotion Program, the purpose of which is to expand intermediary services that increase access to local foods. As the only facility serving California's Yuba and Sutter counties that provides USDA inspected meat processing for livestock producers, Country Butcher faced overwhelming demand to increase its processing capacity. Morrison is delighted to have assisted Country Butcher in writing and preparing this grant proposal, and we look forward to seeing their continued growth and success.

VENTURA PACIFIC'S NEW PACKING PLANT

Ventura Pacific Company has successfully completed their test day in their new packing plant. As one of the largest lemon producers for Sunkist, Ventura Pacific Company expanded their packing operations with a new 32-acre packing facility in Oxnard, CA. For many years, Ventura Pacific Company operated out of older previously owned facilities, but now they've built a packing plant to suit their needs by expanding capacity by roughly 50 percent. Congratulations Ventura Pacific Company!
